CONGRATULATIONS!

UA INTERIM PRESIDENT PAT PITNEY

Dear UAF Class of 2021,

Congratulations, graduates! Today you join the ranks of more than 100,000 University of Alaska alumni.

We are so proud of you and your accomplishments. Graduation is a milestone worth celebrating in any year. And it's even more important to celebrate given the challenges and unique experience we've shared this past year. You did it despite COVID, despite being away from campus and your colleagues over the past year, and at a time when the university and the world underwent unprecedented change.

Now, allow your experience and knowledge to pave your path forward. Your hard work and resilience has prepared you to write the next chapter in your personal story. I hope you will continue to remain inquisitive and be courageous in the midst of unceren-USr31ren-USnin toÜrNMöncw, aive a Tfo)9.8

UAF CHANCELLOR DANIEL M. WHITE

Dear Graduate,

is was a year to remember, the year of the COVID-19 pandemic and all of the challenges it threw at you. But you did it. Congratulations on your accomplishments and earning your degree!

Today you are joining a distinguished group of University of Alaska Fairbanks alumni, and although your journey has proved to be a little more memorable, to include taking part in our most creative commencement, I hope you will take a moment to reflect on your time at UAF, the lessons learned, and the friends you have made. Your UAF experiences will last a lifetime.

On behalf of the UAF community, I wish you success and

HONORARY DEGREES
AND MERITORIOUS
SERVICE AWARDS

Honorary degrees recognize people of extraordinary accomplishment, and service awards express our appreciation for the university's most dedicated advocates.

DEGREE CONFIRMATION

Confirmation of degrees and honors for the May 2021 degree candidates whose names are listed in this program will be made when final grades are received. Information presented in this program is accurate as of 9 a.m. April 26, 2021. Every effort has been made to ensure the accuracy of graduates' names, degrees and other information. We sincerely regret any errors and omissions.

EMERITI RECOGNITION

EMERITI RECOGNITION

DR. KENNETH COYLE

RESEARCH ASSOCIATE PROFESSOR OF OCEANOGRAPHY, EMERITUS

Dr. Kenneth Coyle served the University of Alaska Fairbanks with distinction in research and public service from 1974 to 2020.

Dr. Coyle, despite his research faculty appointment, has served on sixteen doctoral student committees and nine master's student committees.

He has been lead author of thirty-one research publications and co-author on another forty-eight, with most articles appearing in well-respected first-tier journals; and he has been principal investigator or co-principal investigator on forty-six projects; and he has worked as a talented field ecologist and an accomplished numerical modeler; and his efforts made UAF sufficiently competitive to be awarded a new National Science Foundation Long-Term Ecological Research site in 2017.

Dr. Coyle has worked with numerous other institutions, colleagues at the National Oceanic and Atmospheric Administration, and UAF faculty members outside the College of Fisheries and Ocean Sciences, service that exceeded the requirements of his research faculty assignment.

The University of Alaska Fairbanks expresses its deep appreciation to Dr. Kenneth Coyle for his extensive contributions to the State of Alaska and to the University.

DR. MARY F. EHRLANDER

PROFESSOR OF HISTORY AND ARCTIC AND NORTHERN STUDIES, EMERITUS

Dr. Mary F. Ehrlander has served the University of Alaska Fairbanks with distinction in teaching, research and public service from 2001 to 2020.

Her students praise her high standards, academic rigor and thorough teaching style, while noting her accessibility and willingness to assist; and she received the Emil Usibelli Distinguished Teaching Award in 2016; and she served as chair of twenty-five graduate student committees and as a member of thirty-six others.

EMERITI RECOGNITION

MR. GARY FREITAG

EMERITI RECOGNITION

DR. DAVID KOESTER
PROFESSOR OF ANTHROPOLOGY, EMERITUS

EMERITI RECOGNITION

DR. CHARLES MAYER

PROFESSOR OF ELECTRICAL ENGINEERING AND
ASSOCIATE DEAN OF THE COLLEGE OF ENGINEERING AND MINES, EMERITUS

Dr. Charles Mayer has served the University of Alaska Fairbanks with distinction in teaching, research and public service from 1989 to 2021.

He taught not only upper-division and graduate classes but also, more recently, the first-year introductory course, where he shared insights from his career with more than two thousand aspiring engineers; and he served as committee chair for eleven graduate students.

Dr. Mayer pioneered research in the field of millimeter radio wave holography, applying it to the metrology of large reflector antennas to improve high-frequency performance; and he analyzed the high-speed radio transmission of data via NASA's groundbreaking Advanced Communications Technology Satellite.

He served as department chair for fourteen years and associate dean for thirteen years; and he helped create the engineering doctorate and computer engineering undergraduate degree programs; and he served over four decades with the Institute of Electrical and Electronics Engineers, including eleven years overseeing student chapters across the northwestern U.S..

The University of Alaska Fairbanks expresses its deep appreciation for Dr. Charles Mayer's extensive contributions to the State of Alaska and to the University.

DR. PAUL METZ

PROFESSOR OF GEOLOGICAL ENGINEERING, EMERITUS

Dr. Paul Metz has served the University of Alaska Fairbanks with distinction in teaching, research and public service from 1975 to 2021.

He has taught a wide variety of geological and mining engineering courses, and his extensive experience equipped him to lead summer field and exploration courses that students have described as their most cherished memories of their education; and he served as chair for twenty graduate students and as a committee member or advisor for countless other graduate and

undergraduate students. He has also served as a committee member or advisor for countless other graduate and undergraduate students. He has also served as a committee member or advisor for countless other graduate and undergraduate students.

EMERITI RECOGNITION

DR. NICOLE MÖLDERS

PROFESSOR OF ATMOSPHERIC SCIENCES, EMERITUS

Dr. Nicole Mölders has served the University of Alaska Fairbanks with distinction in teaching, research and public service from 2001 to 2021.

She is an award-winning teacher who has advised twenty-one undergraduate and thirty graduate students, including the first Alaska Native student to earn a doctorate in atmospheric sciences from UAF.

Dr. Mölders' research is well-known internationally, especially in the field of air pollution, atmospheric chemistry, land-air interaction and mesoscale modeling; and she has published ninety-three papers in peer-reviewed journals and thirteen peer-reviewed book chapters; and she has co-authored a book on meteorology and authored another on land-use and land-cover changes.

She was the founding chair of UAF's Department of Atmospheric Sciences; and she edited several international, peer-reviewed scientific journals, founded the journal *Climate* and served as a reviewer for almost thirty different journals; and she held national leadership positions in atmospheric research organizations; and she engaged in efforts to understand and find solutions to Fairbanks' poor air quality.

The University of Alaska Fairbanks expresses its deep appreciation for Dr. Mölders' extensive contributions to the State of Alaska and to the University.

DR. RAINER J. NEWBERRY

PROFESSOR OF GEOLOGY, EMERITUS

Dr. Rainer J. Newberry served the University of Alaska Fairbanks with distinction in teaching, research and public service from 1982 to 2020.

He is an award-winning teacher who gave students a constant source of help in classes, research and training; and his courses were popular and well rated; and he chaired more than forty graduate committees and was a member for many more.

Dr. Newberry, whose specialty is economic geology, has authored or co-authored approximately one hundred eighty-five book chapters, peer-reviewed journal articles, reports and maps; and he has worked internationally in studies of critical mineral resources.

His work with geology-related industries and state and federal agencies has contributed to the development of Alaska's resources and workforce; and his participation in the annual Science Potpourri and his visits to local schools have inspired and educated young people throughout the community; and he served twenty-one years with the Faculty Senate and on numerous university committees.

Dr. Newberry received the 2003 Emil Usibelli Distinguished Teaching Award, which recognized the creativity and enthusiasm he brought to his classes.

The University of Alaska Fairbanks expresses its deep appreciation to Dr. Rainer J. Newberry for his extensive contributions to the State of Alaska and to the University.

EMERITI RECOGNITION

DR. BRENDA NORCROSS
PROFESSOR OF FISHERIES, EMERITUS

EMERITI RECOGNITION

DR. ROBERT PERKINS

PROFESSOR OF CIVIL ENGINEERING, EMERITUS

Dr. Robert Perkins served the University of Alaska Fairbanks with distinction in teaching, research and public service from 1999 to 2021.

He is an excellent and highly rated teacher who, after joining the University following a successful professional career, developed four online courses in the fields of civil and environmental engineering; and he helped to create the engineering doctoral program and the engineering and science management master's program; and he mentored more than forty master's and five doctoral students.

Dr. Perkins' research during his career has made significant contributions to understanding Arctic oil spill response options, safe remediation of hazardous materials, techniques of handling and processing transportation safety data, and alternative construction project management methods.

He has served the engineering profession and the engineering and construction industry in Alaska through numerous activities recognized by his peers in those fields; and he has lectured and coordinated many outreach programs in Alaska and lectured nationwide and in Russia.

The University of Alaska Fairbanks expresses its deep appreciation to Dr. Robert Perkins for his extensive contributions to the State of Alaska and to the University.

DR. TODD RADENBAUGH

PROFESSOR OF ENVIRONMENTAL SCIENCE, EMERITUS

Dr. Todd Radenbaugh served the University of Alaska Fairbanks with distinction in teaching, research and public service from 2006 until his death in 2020.

He was a dynamic, highly rated teacher who developed and taught a variety of geography, geoscience, environmental and biology classes at the Bristol Bay Campus; and the only class he missed in 15 years of teaching was on the day of his passing.

Dr. Radenbaugh built the only environmental science lab in the Bristol Bay region; and he studied and published research on isopods and the sea-bottom habitat of Bristol Bay; and he made dozens of presentations at scientific conferences.

He founded the Western Alaska Interdisciplinary Science Association and organized its annual conferences; and he frequently organized and presented at several other science and science education conferences; and he organized educational events for youths, such as the Bristol Bay Salmon Camp on Lake Aleknagik; and he consulted for Bristol Bay organizations and served on the board of the Nushagak Electric and Telephone Cooperative.

The University of Alaska Fairbanks expresses its deep appreciation to Dr. Todd Radenbaugh for his extensive contributions to the State of Alaska and to the University.

EMERITI RECOGNITION

MS. JULIE RILEY

PROFESSOR OF HORTICULTURE, EMERITUS

Ms. Julie Riley served the University of Alaska Fairbanks with distinction in teaching and public service from 1984 to 2020.

She is known for her engaging presentations, use of humor, generosity and openness; and as an agent with the Cooperative Extension Service, she developed, taught for and managed volunteers in the master gardener programs, first in Anchorage and then in Fairbanks; and she helped develop an advanced master gardener curriculum and program.

Ms. Riley worked diligently to serve her communities through support of commercial endeavors, organization of food security coalitions and consultations with individuals experiencing plant or pest problems; and she is known across Alaska for her support of home gardening, local food production and agricultural business development; and her efforts have been vital to the Alaska peony industry and the establishment of Alaska as a world player in the international cut flower market.

She received numerous awards from local, state and national organizations.

The University of Alaska Fairbanks expresses its deep appreciation to Ms. Julie Riley for her extensive contributions to the State of Alaska and to the University.

DR. CURRAN, 1, 1, 1, AUSTIN, CID, DC, LBT, L

HONORARY DOCTOR OF HUMANE LETTERS

WRITER, HISTORIAN, COMMENTATOR

DANIEL T. O'NEILL

Mr. Daniel T. O'Neill has described elements of Alaska history, politics and life through in-depth, thorough researched book, radio and television documentaries, articles, and columns for more than 40 years. His work has reached Alaska not only through Alaska but also through the border, allowing them to understand more deeply the cultural complexities driving and colliding within the state.

Mr. O'Neill graduated from Alaska in 1972, the year he earned a bachelor's degree from the University of California, Berkeley. Three years later, he moved north and resided. His first decade in Alaska, he worked on the Trans-Alaska oil pipeline and began building log cabins for a living. He and Sarah Campbell married in 1977. Turning to writing and research in the 1980s, he worked for the Ramona Library Oral History Program, where he interviewed dozens of Alaskans during a decade of effort. He also gave UAF courses on oral history and journalism.

Mr. O'Neill published *The Firecracker Bomb* in 1994 after a year of research and writing. The book described the federal government's push to excavate a harbor in northern Alaska in a clear decision, the dismissal of Alaska Native people's concerns and the University of Alaska's initial role in the subsequently abandoned plan. Mr. O'Neill followed this masterpiece with *The Last Giant of Beringia*, about the extinction of a mammoth, and *A Land Gone Lone*, about the depopulation of Alaska's Upper Yukon River region. Mr. O'Neill also produced more than 80 opinion columns, primarily featuring analysis of Alaska's culture and politics, for the *Fairbank Daily News-Miner* between 1998 and 2002.

On his journey, Mr. O'Neill immersed himself in the quiet life of a small town in Alaska, hunting for moose, fishing for salmon and mending a dog team in Nome.

E, G

FOR HER SUCCESSFUL ADVOCACY OF BILINGUAL
EDUCATION, AND FOR HER CONTRIBUTIONS TO SOCIAL
SERVICE TRAINING AT UAF'S KUSKOKWIM CAMPUS

MERITORIOUS SERVICE AWARD

S C O T T R O E L I

FOR HIS DEDICATED EFFORTS IN BUILDING THE UAF HOCKEY PROGRAM, AND FOR HIS TIRELESS ADVOCACY OF ITS SUCCESS

Mr. Scott Roeli is a member of the UAF hockey team from 1978 to 1981 but has never stopped playing for the Ala-ka Nanook. He has helped enhance the hockey program since becoming a UAF student, organizing and promoting support for the team, not only among alumni but also in the broader community.

Mr. Roeli came from Anchorage, UAF, where he followed his passion for sports into the physical education degree program. When he arrived, hockey was one of the minor sports, and he had learned nothing. Mr. Roeli helped recruit a club team, and he tirelessly promoted the game. Within a few years, the minor sport once again had an NCAA Division II program, which eventually rose to Division I. After graduation, Mr. Roeli joined the Athletic Department, where he rose to become sports media relations director. While there, he spearheaded the creation of the Face-Off Club. Mr. Roeli left UAF in 1999 for a career in radio and television, but he continued to promote the Nanook. He helped organize a 2005 reunion that led to the formation of the Ala-ka Nanook Hockey Alumni Association, which raises money for the program and provides scholarships. In 2016, Mr. Roeli was inducted into the Nanook Hall of Fame.

MERITORIOUS SERVICE AWARD

K E L W

FOR HIS ACADEMIC AND ARTISTIC CONTRIBUTIONS
TO UAF AND ALASKA, AND FOR HIS PHILANTHROPIC
ADVOCACY

Mr. Keler Woodard is not only one of Alaska's best known and best educated academics for the arts and the premier role in training them. After coming to Juneau in 1977, he joined UAF Department of Art in 1981 and taught for 20 years before retiring in 2000.

Today all of Alaska's major public art collection, a well as many private, museum and public collection across the United States, feature Mr. Woodard distinguished painting. He has written a book and numerous articles on Alaska art and has created major museum exhibitions on Alaska modernism, historical painting, and has lectured extensively on the art of the circumpolar North. He is a past president of the Alaska Arts and Crafts Foundation and a former chairman of the Western States Arts Federation. In 2004, Mr. Woodard received the Alaska Governor Award for Lifetime Achievement in the Arts, and in 2012 he received the Ramon Foundation Distinguished Alaskan Arts Fellowship. Mr. Woodard leadership has engaged many to believe in the power of the arts in our communities. His ability to mobilize philanthropic support for important causes has created opportunities for Alaskan artists to do what they have always dreamed.

THE ALASKA FLAG SONG

Music by Elinor Dusenbury
Words by Marie Drake and Carol Beery Davis

Eight stars of gold on a field of blue,
Alaska's flag, may it mean to you;
The blue of the sea, the evening sky,
The mountain lakes, and the towers nearby;
The gold of the early sourdough's dreams,
The precious gold of the hills and streams;
The brilliant stars in the northern sky,
The "Bear," the "Dipper," and shining high,
The great North Star with its steady light,
O'er land and sea a beacon bright,
Alaska's flag to Alaskans dear,
The simple flag of a last frontier.

A Native lad chose our Dipper's stars
for Alaska's flag that there be no bars
among our cultures. Be it known
through years our Natives' past has grown
to share our treasures, hand in hand,
to keep Alaska our Great Land.
We love the northern midnight sky,
our mountains, lakes and the streams nearby;
Our great North Star with its steady light
will guide our cultures clear and bright
with Nature's flag to Alaskans dear,
the simple flag of a last frontier.
