This switch from Low Grade Reports to Freshmen Progress Reports will assist all freshmen with the transition into college and provide an additional connection between students and faculty

To make the process expedient, timely, and user-friendly, Freshmen Progress Reports should be available for faculty and instructors to submit electronically

Students should be able to access their individual progress report electronically, as well as continued mailings to students at their current local address

Freshmen Progress Reports need to be formatted in a clear and concise manner to eliminate extraneous information.

The report will be provided to students at all UAF campuses.
